A photograph of children in a swimming pool, wearing swim caps and goggles, holding onto the edge of the pool. The water is blue, and the scene is brightly lit. The children are in the foreground and middle ground, with some in the background. The overall atmosphere is active and focused.

From September 2017 we'll be adopting the new **Scottish Swimming Learn to Swim Framework** which provides a clear set of national standards, as well as a pathway which allows you to follow how your child is progressing, and what this actually means in terms of their swimming ability.

# Scottish Swimming Lesson Framework

As well as the Early Years Programme (Adult & Baby, Adult & Toddler, Adult & Child lessons), the Learn to Swim programme consists of six levels:

- Pre-school
- Swim Skills 1A /1B
- Swim Skills 2
- Swim Skills 3
- Swim Skills 4
- Club Ready

The programme provides a fun, progressive and all-inclusive pathway to encourage children to participate in aquatic activities at whatever level they aspire to.

## enjoyleisure lesson programme

### LESSON SCHEDULE

Swimming lessons are provided on a rolling weekly basis for a minimum of 45 weeks in any given calendar year. We aim to deliver 48 lessons per year, in effect offering up to 3 lessons FREE. All lessons are subject to availability. In unforeseen circumstances **enjoyleisure** reserve the right to cancel lesson(s) at short notice. While every effort will be made to rearrange cancelled lessons, this may not always be possible.

**enjoyleisure** will schedule two CPD training weeks for teaching staff into the rolling programme. During these weeks there will be no lessons. An additional two week festive break will be applied between Christmas & New Year. These dates will be advertised in advance, both in the centres and online at [www.enjoyleisure.com](http://www.enjoyleisure.com).

**enjoyleisure** reserve the right to amend the swimming lesson schedule at any time.

### LESSON DELIVERY

Participant to teacher ratios are developed in line with the Scottish Swimming guidelines as follows:

- Pre-School the maximum is 1:4.
- Swim Skills 1 the maximum is 1:6.
- Swim Skills 2 and above the maximum is 1:8.

## the finer details

**enjoyleisure** endeavours to provide the same teacher for each lesson. However we do employee relief teachers and reserve the right to appoint a new teacher at any time. In the event a teacher is likely to be absent for a long period of time, we will try to keep the same cover teacher whenever possible.

### PARTICIPANT PROGRESSION

All participants will work within the Scottish Swimming National Learn to Swim Framework.

Swimming Teachers continually assess the participant's progression throughout the year. The advancement of participants will be at the judgement of the Swimming Teacher and in accordance with the criteria of the Scottish Swimming Framework. The speed of progression will depend on the ability of the participant.

Upon completion of a level, parents/guardians will be notified by the Swimming Development Team. The allocation of new class placements will be made depending on class availability.

Due to the continuous progressive nature of our programme, we cannot guarantee a specific day or time slot on progression.

### AWARD SCHEME

The Scottish Swimming Framework offers an award scheme for participants enrolled in the programme. The purchase of certificates is in addition of the monthly membership fee and is completely optional.

**enjoyleisure** is an affiliated swim school that complies with standards set by Scottish Swimming. Each of our Swimming Teachers are UKCC qualified, members of Scottish Swimming and are PVG disclosure checked.
